

Tech Tools for Remote Work

Is remote working new for you or your business? Here are some of the best tools to help you collaborate and communicate:

Staying Connected

Slack

A new-age team communication and collaboration tool.

Zoom

Video conferencing, screen sharing, chat and video recording.

Workplace

An employee communication and engagement platform.

iDoneThis

Keep an eye on the big picture to know what is being done daily.

Project Management

Asana

A more task-driven platform for managing projects across teams.

ClickUp

An all-in-one suite to manage people, projects, and everything in between.

Airtable

The features of a database but applied to a spreadsheet.

Basecamp

A free-form tool for collaboration, project management, and tasks.

File Sharing Tools

Google Drive

Share documents, spreadsheets, presentations, or other files.

Dropbox

One central hub for online file storage, file sharing, and syncing.

Box

A place to manage, secure, and share your internal content.

1Password

A password manager, digital vault, and secure digital wallet.

Visual Collaboration

Loom

Easily record your screen or a specific app, with or without your camera.

Figma

Design, prototype, and gather feedback all in one place.

Miro

An interactive online collaborative whiteboarding platform.

MURAL

A digital moodboard to visually organize your ideas.
