We stand in solidarity with the fight against systemic racism, white supremacy, and the historic oppression of the Black community.

In the creative industry, we must use our voices and light in the face of injustice. It is our responsibility to take action on a personal, community, and national level to create a world void of inequality.

At Design Pickle, we are proud to be part of this fight. We are currently working with the Saint Paul and Minneapolis chapters of the NAACP, as well as the Minnesota Freedom Fund to provide services that will help them create and amplify their voices during this time.

To those in our community using their voices to spark change, we see you and we are with you. Thank you for inspiring us, for having difficult conversations, and for taking action.

#BlackLivesMatter
